

SHIOZAWA'S REPLY TO L. E. PINKHAM

The Merchants Prepare to Act

The Merchants Association will meet this afternoon at 3 o'clock, and will, it is said, consider the matter of someone going to Washington this year to help Prince Cupid in laying the matter of Pearl Harbor and other improvements here before Congress. The letters that were received from the many Senators and Congressmen throughout the United States, offering to do anything in their power to help the matter along, has made the Merchants' Association decide that something should be done and done at once. A number of names were mentioned for this mission by a member of the Association this morning, among them being A. L. C. Atkinson, H. E. Cooper, L. A. Thurston, H. P. Wood and E. D. Tenney. This member stated that someone should go and the sooner the matter is decided the better it will be for all concerned.

WALLACH IS GOING

J. Lor Wallach was on the Hackfeld wharf when the S. S. Nippon Maru arrived this afternoon. A Japanese on board passed him a signal and Wallach was delighted.
"That is the man who is going to take me to Japan where I can use my cures for leprosy and other diseases,"

JUDICIARY BUILDING IS DECLARED UNSAFE

JUDGE LINDSAY MOVES OUT OF A COURTROOM WHERE HEADS ARE IN DANGER FROM PLASTER AND JUDGE ROBINSON MOVES HIS JURY BOX TO A SAFER PART OF THE ROOM HE HAS.

The old Judiciary building has been condemned as unsafe, and as a result Judge Lindsay's court room will not be used until repairs are made. The jury box in Judge Robinson's court has been moved from the makai to the mauka side of the room and the lawyers speak in subdued tones lest the ceiling shall drop on them.
The danger lies in the fact that the plastering of the ceilings have been so loosened by the rains which came through the leaky roof yesterday, that in the two rooms mentioned, it is likely to fall at any time.
This morning James Veary, the official carpenter of the Board of Public Works made a thorough inspection of the roof and ceiling of the building with the result that he pronounced it unsafe to use Judge Lindsay's and a part of Judge Robinson's court rooms. There are several places in the upper hall ways which are being avoided by the frequenters of the building for the same reason also.
The last legislature appropriated \$50,000 from the current revenues of

(Continued on Page Five.)

No Charge For Wills

Few persons with small means give thought to making their wills; yet these are the very people who should consider this a matter of great importance.
We make no charge for advice in this matter, nor for drawing up a will in proper legal form, if we are appointed one of the executors.

LUSITANIA NOT IN IT TO COLONIZE SIBERIA

MOTOR BOAT WITH "TYPHOID" SCREW

A new form of motor boat has just been launched at a French shipyard which, if expectations are realized, will rush through the water at a speed of 62 miles an hour. The secret of this speed is what is known as a "typhoon" propeller and which is set at the bow instead of the stern. It operates by suction, instead of pushing the water backward, and has six blades on an axis, terminating in a cylindrical tube. The motive power is supplied by two four-cylinder V-type motors of 60-horsepower each and double ignition by magneto and accumulators is provided. The length of the boat is 55 feet over all, waterline width is 7 feet 7 inches.

PREFERS THE JAIL RATES ARE TOO HIGH

EFFORT TO HABEAS CORPUS A WOMAN WHO DOESN'T WANT IT.

An attempt to get a prisoner out of jail who doesn't want to be out is what District Attorney Breckons says is being done in the case of Sueno Miyahara who is being held in jail as a witness in a case against Kanekichi Marano, charged with bringing women into the Territory for immoral purposes.

C. F. Peterson is the attorney who has the matter in hand, and he is considering instituting habeas corpus proceedings to get the woman released on the grounds that she is being unlawfully detained.

Breckons frankly doesn't want her out, evidently fearing that she will not be available when wanted. Moreover he says she doesn't want to get out.

Peterson says that word was brought to him by other women who claimed to be friends of the woman in question, who stated that she wanted out of jail, and they wished him to try to effect her release. Therefore he has been kicking up a fuss today about the Judiciary building in which Breckons, Commissioner George A. Davis and Judge Dole, have been mixed.

Breckons called on Editor Shiozawa for corroboration of his statement that the woman doesn't want to be out, and the Japanese editor stated that she seemed perfectly satisfied to remain in jail when she found that the action was not one to send her back to Japan, and the \$1 per day as witness fees which she is getting made her more than willing to remain a prisoner.

The matter is still being wrangled over this afternoon and it is hard to say how it will come out. Breckons evidently thinks that an effort is being made to get the woman out of the way is she is one of the women whom Marano is charged with having brought here for unlawful purposes.

NO TIME LOST

Manuel G. Silva, whose wife secured a divorce from him in record-breaking time of about thirty minutes, was equally speedy in again getting into matrimonial harness, being married later the same day to Rosie Guerrero, by the Rev. H. H. Parker. By the terms of his divorce, Silva agreed to pay his former wife alimony in the lump sum of \$1000, and give her custody of two minor children.

PROTEST ABOUT INSURANCE AND A PROSPECT OF A REDUCTION VERY SOON.

At the meeting of the merchants' Association held this afternoon in their new rooms in the McCandless building, the matter of Fire Insurance rates was brought up. Mr. Wakefield of Davies & Company, wrote some time ago to the Association relative to the high fire rates that were charged in the islands and protesting about it. The matter was referred to a committee composed of McInerney, Lucas and Paris.

Mr. McClellan was all that is needed this time it would not be right to complain about the rates, as they were afraid that a number of the larger and sounder companies would retire from the field. The recent fire in San Francisco and other big fires throughout the country have made the companies lose a good deal of money, and the merchants thought that at the present time that the matter should be dropped. The committee has been given to understand by the Fire Underwriters that as soon as the Nuuanu dam and other water improvements are made the present rates will be cut down.

NEW POST OFFICE.

Postmaster Pratt has given notice that a new post office with daily service has been established at Kahana, Oahu, on the Koolau railway on October 11. All the mail for people living in the vicinity of Kahana will go to the Kahana post office for delivery.

In speaking about the matter of someone going to Washington to help put important matters before Congress, Secretary Paris stated that he thought that the Merchants were now doing all that they could. He thought Mr. McClellan was all that is needed in Washington now.

THE BEST IN THE MARKET.

Try K. Yamamoto's new crop of Japan rice. He is the only local merchant who imports all his rice direct from the field. Best in quality, best in price. Hotel street, near Nuuanu.

LINEN VALUES AT SACHS'.

The Sachs' Dry Goods Co. are offering dress linens, handkerchiefs and pillow linens at old prices. The fact that linens have materially advanced, should make these prices an incentive for economical buyers. See ad on page 8.

SEATTLE, Wash., Oct. 11.—The Japanese and Korean Exclusion League has called a convention for November 12.

PROFESSOR LADD ARRIVED TO-DAY

DISTINGUISHED YALE LECTURER ON THE NIPPON AND WILL BE HEARD HERE.

The series of lectures which have been arranged for from Prof. George Trumbull Ladd, L. L. D., under the auspices of the University and College Clubs jointly, will probably open on next Monday afternoon at 4:30 o'clock at the Normal School building corner of Hackfeld and Lunalilo streets. All of these addresses will be free, and it is hoped that the public generally will be interested enough to attend.

Governor Frear, in speaking of the subject this morning stated that Prof. Ladd is a very interesting speaker, and that while the addresses were primarily intended for teachers, yet the subject matter will be broad enough to interest persons who are not directly interested in teaching. The noted lecturer arrived today on the Nippon Maru from Japan.

SCHOONER FLOATED.

Schooner Kawaiiani is off the reef where for two days, between Koko and Diamond Head, she stuck. Captain Sam brought her to port this morning, having succeeded in floating her with the assistance of several Hawaiians he came to town to get. The Kawaiiani is not seriously injured and, after a careful examination and a few repairs will resume the Koolau run.

HOW ONE SUSPECT "ESCAPED" FROM HIS KEEPER

SOME INTERESTING CORRESPONDENCE BETWEEN THE PRESIDENT OF THE BOARD OF HEALTH AND THE JAPANESE EDITOR—AN APOLOGY DEMANDED BY THE BOARD AND HOW THE EDITOR GAVE IT.

To my knowledge there have been three escapes from the Kaili Detention Station. Two of these were Japanese, one of whom escaped through a breach of good faith on the part of Editor Shiozawa. I state his name so that he may have the full benefit of it.—President of the Board of Health.

"President Pinkham told me," said the Japanese editor this morning, "that the only way was for the man to escape."

By way of replying to Pinkham's charge of bad faith against him, Shiozawa this morning produced some interesting correspondence had with the President of the Board relative to the escaped Japanese leper referred to. Shiozawa expressed the idea that he regarded Pinkham's remark about escaping as a hint to be passed on, and admits that he did pass it on, to the Japanese, who promptly escaped and took a steamer for Japan.

On learning that the Jap had gone Pinkham accused Shiozawa of aiding the escape, a letter demanding an apology was sent to Shiozawa and the whole matter was brought before the Board. The following is Pinkham's letter and Shiozawa's reply:

Honolulu, November 26, 1906.

Mr. C. Shiozawa, Honolulu, T. H.

Sir: On November 8th you called at the office of the Board of Health and stated that the friends of M. Kataoke, a leper at the Receiving Station and in the lawful custody of the Board of Health, had raised sufficient money to send him to his home in Japan, and that the captain of the S. S. Kusoho Maru due to sail at noon, November 9th, had agreed to transport him.

I informed you that it was beyond my power to release Kataoke—that I fully appreciated your kindly motives toward the man—that I realized such a procedure would save the Territory much money in his future care—that the only way out of the custody of the Board was by escape, which would not be permitted.

I further told you I felt strongly in this case because the laws of the Territory had been disregarded and the man would have to take the consequences. You appeared satisfied with the explanation, and, when about to leave,
